

'There is no such thing as failure, only feedback'

► NLP In The Workplace

WHAT WILL IT COVER?

- Gaining Rapport
- Meta-Programmes and Sorting Patterns
- Elicitation and Calibration
- The Language of Influence
- Reframing
- Timelines
- Developing Well-formed Outcomes

COURSE DURATION: 1 DAY

NUMBER OF PARTICIPANTS: 8 - 12

This one day programme aims to look at introducing some of the fundamental pillars of Neuro Linguistic Programming (NLP) and to provide a basic insight into this powerful set of tools and to explore how they can be used within the world of work.

WHO IS IT FOR?

Everybody and anybody who wants to:

- Enrich their use of language to inspire, motivate and challenge themselves, clients and colleagues
- Enhance their ability to build deep levels of rapport
- Learn how to develop well-formed outcomes
- Increase their influence over themselves and others through a greater understanding of meta-programmes and sorting patterns
